CENTRAL  
PLACE

# arrive feeling fresh

Central Place is well named.

It's at the heart of everything.

Wilmslow centre is walking distance.  
A very short walking distance.

Thanks to the nearby A34, Manchester is only around 20 minutes away. While the M56 and M6 - 10 minutes and 15 minutes respectively - put you in touch with the country as a whole.

By rail, connections are even better. The nearby station has regular services to Manchester - 15 to 18 minutes - and London - just 2 and a half hours.

And if your destination is somewhat further afield, Manchester International Airport is only 16 minutes by rail, even less by car. Which means the entire world is your oyster.

So enjoy your journey.

From Central Place, it's likely to be a short one.

# squeezing every drop of luxury

Breakfast on fresh style.

Your apartment at Central Place features every 21st century luxury.

Fully fitted kitchens abound with stainless steel finished appliances by Bosch. Throughout, floor finishes are of hardwood. Fixtures and fittings are top quality, with solid timber frames and architraves.

Two and three bed apartments feature main bathroom and master bedroom ensuite, with ceramic wall and floor tiling.

You'll find the space is more than generous, especially the duplexes. There's controllable lighting too.

Security at Central Place is decidedly hi-tech. Each apartment features video entry consoles, with ground floor units having internal alarms as well. Owners are assigned a private underground parking space. What's more, there's secure access to both car park and building.

Outside, the style theme continues. The Arts & Crafts look contrasts with the contemporary interiors, with apartments ranged around a pleasant landscaped courtyard.

**Luxury to the last drop, in fact.**
